Migros Group – The Swiss retail market leader

The Migros Group is the owner and main customer of Migros Industrie. Migros is not just the biggest retailer in Switzerland, but also the most sustainable retailer in the world. In addition, with around 100,000 employees, it is the biggest private employer in the country. Migros Industrie itself is a key employer and employs 14,000 people, including 554 apprentices in over 30 trades.

Migros belongs to the people

Over 2 million members of the cooperative are owners of Migros. And because Migros belongs to the people, it does more for everyone: more for the common good, more for culture and education, more for public health, more for sustainability, more for regional producers and of course more for all customers – even those who aren't owners.
